Saturday March 21, 2020

Dear neighbors:

We are going through very difficult times in the United States and the world as a whole. Broward County has been hit hard in Florida. Please be proactive in doing what is needed to keep healthy, especially in keeping social distancing and staying home as much as possible. We had planned a Board of Directors meeting for Monday, March 23 but I decided to call it off due to the crisis and the directives coming from the authorities in Broward County. We do not know how long this will last but rest assured that we are working diligently with our contractors in doing the things needed in the community.

We will have our next Meeting as soon as we are allowed to. I had a conference call with the people from Comcast and they will not be deploying new equipment until probably the middle of May or beginning of June. That means that the new contract will start probably in June. In terms of the payment for this quarter starting on April 1st, the amount to pay will remain at **\$265.00**. In case the new contract starts in June, the additional payment will be added to the next quarter starting on July 1. The additional amount would be only \$350.00 We will keep you posted on this matter so you will also know when to contact Comcast to stop the internet service you are using now and to get whatever new equipment you are entitled to have.

Please stay healthy!

For the Board of Directors,

Nestor Cardenas, President
